1. Using the attached Excel file, you are to create a multiple regression model to forecast burger sales using price and advertising, as well as the variable "competitor store" where competitor store is "yes" if there is a competitor in the suburb and "no" if there isn't one.

1 / 1 point

In this regression, what is the binary dummy variable?

C2 W3 Assessment
XLSX File

- ○ Burger Sales
- ◉ Competitor Store
- ○ Price
- ○ Advertising

✓ **Nice work**

Yes, this is correct.

2. In this regression, what are the explanatory variables?

1 / 1 point

- ☑ Competitor Store
