1. **You have been employed as a consultant for a joint project by the Australian Food and Grocery Council and the Department of Agriculture, Water and the Environment.**

As part of your role in the Business Analytics and Data Analytics team, you have been asked to forecast Food Retailing as part of a wider report being commissioned by the above collaboration – on Australia's food security.

For the purposes of this report, only consider the data from January 2011 to December 2020 as the sample of data that is available to you in the Excel file that has been provided to you here. This means that the first actual observation in your Excel file is from January 2011 and your last actual
